

my own diary

GET READY!

Place all of your materials on the table. Lay out the ribbons on top of the diary. Make sure the longest piece is on the bottom, the short pieces go on the top and on the sides.

Glue down the side pieces first. Align one end with the top of the diary. Take your time to neatly line up the edge of the ribbon with the edge of the diary. Wrap the other ends around the bottom of the diary cover and glue to the inside. Now glue on the top and bottom ribbons in the same way, wrapping the ends around the cover to the inside.

Glue the bow in the middle of the top ribbon. You've just created a pretty border for your diary!

GET SET!

Now it's time to create your beaded handle. Add sparkle to your beads by covering them with glitter glue or by adding glittery dots.

When the glitter has dried, tie the skinny pink ribbon through one of the holes on the spine of the diary. Double knot it for extra strength!

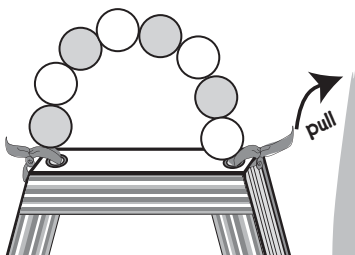

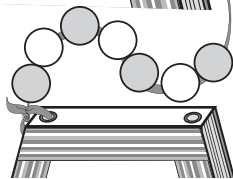

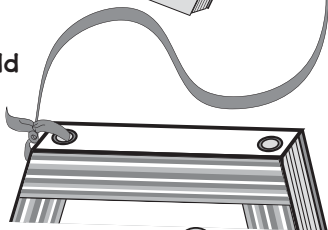

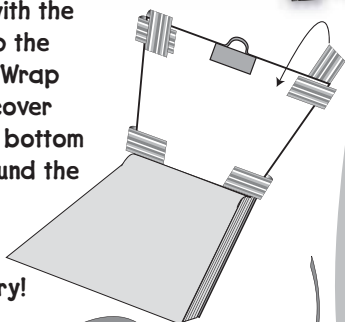

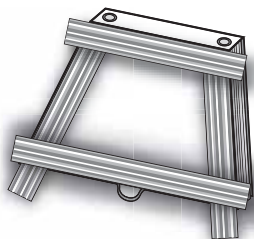

String your beads onto the ribbon. Tie the other end of the ribbon through the other hole, pulling snugly so that there is no loose ribbon in the handle.

Tuck the ribbon ends back into the beads to hide them!

GO!

Decorate your diary with multi-colored pearls. Glue them down with craft glue and when they are dry, circle them with glitter glue!

Don't forget to decorate the lock! Glue on the green cardboard heart and a pearl. You can even add glitter glue!
